

Natasha Pastukhova

Public artist based in Yekaterinburg. Murals, painted objects and urban surfaces since 2003.

Profile

Natasha Pastukhova works with public art, facade painting, urban objects and relief-based characters. Her visual language combines animals, ornament, botanical forms and clear geometric composition.

She graduated from the Ural State Academy of Architecture and Arts in industrial design and received a BA in Design from the University of Huddersfield. Her works have appeared in Russian and international public-art programmes, festivals and community projects.
